FANCORT INDUSTRIES, INC.

www.fancort.com

- Robotic soldering, dispensing and screw fastening
- PCB Depaneling
- PBT cleaning systems
- Laser Marking
- Hot bar soldering
- Press fit machines
- Industrial presses
- Custom automation

1CLICKSMT

www.1clicksmt.com

- North American for 1clicksmt
- SMT assembly solutions

JAPAN UNIX

JAPAN UNIX

www.fancort.com/Products/Robotic-Soldering/Laser-Soldering.aspx

Laser-Soldering.aspx

- Inline and desktop soldering
- Robot laser and ultrasonic soldering
- Soldering system integration

I-SOURCE Technical Services, Inc.

I-SOURCE

www.i-source.com

- laser manufacturing
- low volume prototype manufacturing
- shadow masks for vapor deposition
- laser & CNC tooling and fabrication
- Milling, welding, finishing

GETECH

www.fancort.com/Products/PCB-Depaneling/Getech-Laser-Making.aspx

Getech-Laser-Making.aspx

- Inline and semi-automatic routers
- Laser marking systems
- Auto label placer

PBT WORKS

www.fancort.com/Products/PCB-Cleaning.aspx

- Fully automatic zero-drain washers
- Removes flux and contamination from PCBA, stencils, screens and

TECH WEAR

www.techwear.com

- Many styles, fabric choices and colors
- Logo and personalized options
- ESD garments that are guaranteed to pass ESD Association standards

SOLDERSTAR

www.solderstar.com

- Leading thermal profile solution provider
- Specializes in design, development and manufacture of profiling systems
- Specializes in design, development and manufacture of profiling systems

DAYLIGHT COMPANY

www.daylightcompany.com

- Innovative LED magnifiers and task lights
- Ultimate design for viewing and inspection
- Ergonomic
- ESD compliant
- Quick change 3, 5, and 12 diopter lens available

UNITRON

www.unitronusa.com

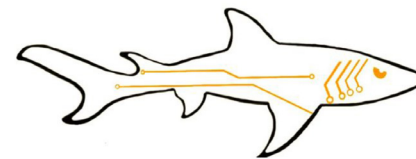

- Luxo stereo microscopes
- Unitron stereo microscopes
- Polarizing and industrial microscopes
- Forensic microscopes
- Digital microscopy cameras

WELLER

www.weller-tools.com

- Soldering, rework and precision hand tools
- Soldering robot

BOARD SHARK

www.boardsharkpcb.com

- Rigid / rigid flex
- Prototype through production
- 1 - 50 layers
- As little as 24 hour turns
